

HALCYON

Inspired by the decadence of the 1920s Art Deco period, the Halcyon collection features beautifully shaped upholstery in sumptuous velvets & high quality real leather. Highlights include a luxurious richly coloured blue leather sofa and an elegant shell back chair in show-stopping soft teal. The softness of the curved shapes is contrasted with sleek steel and solid Birch wood finishes. Finally, pops of colour and pattern are added with bold blue ceramics and decorative beaded scatter cushions.
